How to use these cards

1. Print A4, colour, single-sided. Cut along the dashed line. 10 cards: Match Doctor / Leader (Black), first response (5), second response (4 Yellow).
2. Hand each participant the card that matches their bib colour.
3. On the whistle, run to the position on the picture and do only what is on YOUR card.
4. Say the lines out loud. Green counts the ten-second carry aloud. Yellow First Aiders at the feet move only on Black's command.
5. Non-contact collapse = sudden cardiac arrest until proven otherwise.

BLACK

Match Doctor / Leader

HKL WORKSHOP 2026

Keep this card with you

WHERE YOU STAND

Player's LEFT flank, mid-torso (FIFA PEAP black mark). Hands-off. Not at the feet.

WHAT YOU BRING

Radio / comms. PEAP contact card.

WHAT YOU DO

- You are the Match Doctor / Leader of the FoP medical team. Stay hands-off on the LEFT flank.
- Ensure the ambulance is called.
- Confirm continuous compressions and that Green applies the AED.
- Oversee the log-roll (Orange controls it). First lift only after the 3rd shock — earlier if ROSC.

WHAT YOU SAY

"Sudden cardiac arrest protocol activated. Ambulance on standby for immediate field entry."

"Orange, you have the roll."

"Ready to lift. On three. One, two, three, LIFT."

If it is not your colour, do not reach in.

ORANGE

Airway / C-spine

HKL WORKSHOP 2026

Keep this card with you

WHERE YOU STAND

At the player's HEAD (FIFA PEAP orange mark). Never leave the head.

WHAT YOU BRING

LMA (i-gel) and BVM with reservoir.

WHAT YOU DO

- Airway opening manoeuvres (jaw thrust if experienced). Manual in-line C-spine control if trauma.
- Insert i-gel / LMA. Attach bag-valve. LMA on (closed circuit): leave BVM + O2 on for shocks.
- Squeeze the bag ONCE EVERY 10 COMPRESSIONS.
- Control the log-roll from the HEAD.

WHAT YOU SAY

"Airway open. LMA in." (or "OPA in — bagging.")

"Holding the head. Ready to roll."

"Roll on three. One, two, three, ROLL."

If it is not your colour, do not reach in.

RED

Chest

HKL WORKSHOP 2026

WHERE YOU STAND

Player's RIGHT CHEST (FIFA PEAP red mark).

WHAT YOU BRING

Nothing. First hands on the player.

WHAT YOU DO

- Priority: assess for signs of life.
- If no signs of life: start chest compressions at once (5–6 cm, 100–120/min, full recoil) and call for AED.
- Do not stop compressions while Green applies the AED.
- Take the CHEST in the log-roll.
- Rotate off after 2 min. After a shock: no pulse check, resume at once (1st shock: once on the board).

WHAT YOU SAY

"Player is unresponsive!"

"No breathing, no pulse. No signs of life!"

If it is not your colour, do not reach in.

WHERE YOU STAND

Player's RIGHT HIP (FIFA PEAP blue mark), same side as Red.

WHAT YOU BRING

Oxygen cylinder.

WHAT YOU DO

- Bring the oxygen cylinder onto the pitch.
- Apply oxygen at 15 L/min to the bag / reservoir (SCA) or trauma mask.
- LMA connected (closed circuit): leave the oxygen on for shocks — no need to turn O2 off.
- Take the PELVIS in the log-roll. Take over chest compressions from Red at 2 min.

WHAT YOU SAY

"Oxygen connected. Flow open."

"Pelvis ready. Oxygen connected."

If it is not your colour, do not reach in.

WHERE YOU STAND

Player's RIGHT LEG, level with the lower legs, same side as Red and Blue (FIFA PEAP white mark).

WHAT YOU BRING

Spinal board, spider straps and splints (± basket for the carry).

WHAT YOU DO

- Bring the spinal board, spider straps and splints. Involve the yellow First Aiders.
- Below the feet, in line, 2–3 lengths away: board ± basket (trauma: split scoop + basket).
- Take the LEGS in the log-roll.
- Strap player + spinal board + AED as one unit (place the board in the basket if used).

WHAT YOU SAY

"Board ready."

"Board is in. Strapped — one unit."

If it is not your colour, do not reach in.

WHERE YOU STAND

At the HEAD with the bag and AED (FIFA PEAP green mark).

WHAT YOU BRING

FIFA emergency care bag and AED.

WHAT YOU DO

- Bring the FIFA bag and AED. Apply the AED.
- Pads: upper-right chest + lower-left axilla. Before shock: all clear (face mask only: BVM off).
- Assist with equipment. Your priority is always timely, safe defibrillation.
- Time every 10-second movement window out loud.

WHAT YOU SAY

"I'm clear, you're clear, everyone's clear!"

"Shock delivered."

"Ten seconds!"

If it is not your colour, do not reach in.

WHERE YOU STAND

At the FEET, in an arc facing the player (FIFA PEAP yellow marks). Not medical staff by default.

WHAT YOU BRING

Nothing required. Spinal board ($\pm$ basket), splints and spider straps if directed.

WHAT YOU DO

- Stand or kneel beside the spinal board, facing the player. Await instructions.
- Do not enter the circle unless Black invites you to take a log-roll position.
- If asked: help slide the spinal board underneath during the log-roll.
- On Black's command only: lift and carry the board (or the basket with the board inside).
- During the carry: keep pace, stay silent, listen for Green's 10-second count.

WHAT YOU SAY

"Ready and waiting."

"Lifting on your command, Black."

If it is not your colour, do not reach in.
