1 ASSESS

Non-contact collapse = SCA. Red starts compressions. Black ensures ambulance called.

2 AIRWAY + O2 + AED

Orange LMA, bag once every 10 compressions. Blue O2 15 L/min. Green AED on now.

3 SHOCK

Hands off. LMA on: BVM + O2 stay on. Green: I'm clear, you're clear. Shock.

4 SPINAL BOARD

Orange calls the roll. White + First Aiders slide in the board. Strap: one unit.

5 3RD SHOCK + DASH

Lift on Black. Carry ≤10 s. Board down. CPR ≥2 min. ROSC earlier → lift earlier.

6 CONTINUE

Blue takes over compressions at 2 min. Prefer the ambulance onto the field.
